FOR GCSES FOR SUMMER 2021

Centre Policy for determining teacher assessed grades in Summer 2021

Background

VLC Centre Policy that reflects our individual circumstances based on the template provided by JCQ.

This policy takes account of the guidance provided in the document: *JCQ Guidance on the determination of grades for A/AS Levels and GCSEs for summer 2021*

Centre Policy for determining teacher assessed grades –
summer 2021:

[Voyage learning Campus Oldmixon and Milton]

This section outlines the purpose of this document in relation to our centre.

Statement of Intent

This section provides details of the purpose of this document, as appropriate to our centre:

The purpose of this policy is:

- *To ensure that teacher assessed grades are determined fairly, consistently, free from bias and effectively within and across departments.*
- *To ensure the operation of effective processes with clear guidelines and support for staff.*
- *To ensure that all staff involved in the processes clearly understand their roles and responsibilities.*
- *To support teachers to take evidence-based decisions in line with Joint Council for Qualifications guidance.*
- *To ensure the consideration of historical centre data in the process, and the appropriate decision making in respect of, teacher assessed grades. Please see additional detail.*
- *To support a high standard of internal quality assurance in the allocation of teacher assessed grades.*
- *To support our centre in meeting its obligations in relation to equality legislation.*
- *To ensure our centre meets all requirements set out by the Department of Education, Ofqual, the Joint Council for Qualifications and awarding organisations for Summer 2021 qualifications.*
- *To ensure the process for communicating to candidates and their parents/carers how they will be assessed is clear, in order to give confidence.*

Roles and responsibilities

This section of our Centre Policy outlines the personnel in our centre who have specific roles and responsibilities in the process of determining teacher assessed grades this year.

Roles and Responsibilities

This section gives details of the roles and responsibilities within our centre:

Head of Centre

- *Our Head of Centre, Emma Gundry Principal, will be responsible for approving our policy for determining teacher assessed grades.*
- *Our Head of Centre has overall responsibility for the Voyage learning Campus as an examinations centre and will ensure that clear roles and responsibilities of all staff are defined.*
- *Our Head of Centre will confirm that teacher assessed grade decisions represent the academic judgement made by teachers and that the checks in place ensure these align with the guidance on standards provided by awarding organisations.*
- *Our Head of Centre will ensure a robust internal quality assurance process has been produced and signed-off in advance of results being submitted.*

Senior Leadership Team and Heads of Department

Our Senior Leadership Team and Heads of Departments will:

- *provide training and support to our other staff.*
- *support the Head of Centre in the quality assurance of the final teacher assessed grades.*
- *ensure an effective approach within and across departments and authenticating the preliminary outcome from subjects taught by a single teacher.*
- *be responsible for ensuring staff have a clear understanding of the internal and external quality assurance processes and their role within it.*
- *ensure that all teachers within their department make consistent judgements about student evidence in deriving a grade.*
- *ensure all staff conduct assessments under the appropriate levels of control with reference to guidance provided by the Joint Council for Qualifications.*
- *ensure teachers have the information required to make accurate and fair judgments.*
- *ensure that a Head of Department Checklist is completed for each qualification that they are submitting. To be completed*

Teachers/ Specialist Teachers / SENCo

Our teachers, specialist teachers and SENCo will:

- *ensure they conduct assessments under our centre's appropriate levels of control and have sufficient evidence, in line with this Centre Policy and guidance from the Joint Council for Qualifications, to provide teacher assessed grades for each student they have entered for a qualification.*
- *ensure that the teacher assessed grade they assign to each student is a fair, valid and reliable reflection of the assessed evidence available for each student.*

- *make judgements based on what each student has been taught and what they have been assessed on, as outlined in the section on grading in the main JCQ guidance.*
- *produce an Assessment Record for each subject cohort, that includes the nature of the assessment evidence being used, the level of control for assessments considered, and any other evidence that explains the determination of the final teacher assessed grades. Any necessary variations for individual students will also be recorded. See example excel spreadsheet of Assessment evidence for each subject. Appendix A*
- *securely store and be able to retrieve sufficient evidence to justify their decisions. As per guidance where assessments have been completed prior to March 2021 and returned to students for example the outcome/grade can still be used as evidence and a blank assessment provided in the individual students portfolio of evidence.*

Examinations Officer

Our Examinations Officer will:

- *be responsible for the administration of our final teacher assessed grades and for managing the post-results services alongside Nicola Young AVP and Emma Gundry Principal.*

Training, support and guidance

This section of our Centre Policy outlines the training, support and guidance that our centre will provide to those determining teacher assessed grades this year.

Training

This section provides details of the approach our centre will take to *training, support and guidance in determining teacher assessed grades this year*

- *Teachers involved in determining grades in our centre will attend centre-based training to help achieve consistency and fairness to all students. This will take place on Wednesday afternoons throughout term 5.*
- *Teachers will engage fully with all training and support that has been provided by the Joint Council for Qualifications and the awarding organisations.*

Support for Newly Qualified Teachers and teachers less familiar with assessment

This section provides details of our approach to *training, support and guidance for newly qualified teachers and teachers less familiar with assessment*

- *If required Heads of faculty will ensure mentoring takes place via themselves to teachers less familiar with assessment. Several staff with exam marking experience/Team Leader experience will also play a supporting role during moderation within individual subjects to ensure a robust approach to marking and moderation takes place.*

Use of appropriate evidence

This section of our Centre Policy indicates how our centre will give due regard to the section in the JCQ guidance entitled: *Guidance on grading for teachers*.

A. Use of evidence

This section gives details in relation to our use of evidence.

- *Teachers making judgements will have regard to the Ofqual Head of Centre guidance on recommended evidence, and further guidance provided by awarding organisations.*
- *All candidate evidence used to determine teacher assessed grades, and associated documentation, will be retained and made available for the purposes of external quality assurance and appeals. Individual student portfolios will be retained within each subject area.*
- *We will use student work produced in response to assessment materials provided by our awarding organisation(s), including groups of questions, past papers or similar materials such as practice or sample papers.*
- *We will use non-exam assessment work (often referred to as coursework), even if this has not been fully completed. Entry level portfolios could be used as a source of evidence as elements are completed in secure exam conditions.*
- *We will use student work produced in centre-devised tasks that reflect the specification, that follow the same format as awarding organisation materials, and have been marked in a way that reflects awarding organisation mark schemes.*
- *We will use substantial class or homework (including work that took place during remote learning).*
- *We will use internal tests taken by pupils.*
- *We will use mock exams taken over the course of study.*

We provide further detail in the following areas:

Additional Assessment Materials

- *We will use additional assessment materials to give students an opportunity to show improvement, for example, to validate or replace an existing piece of evidence.*
- *We will use additional assessment materials to support consistency of judgement between teachers or classes by giving everyone the same task to complete where this is possible within the context of a short stay setting PRU and Medical PRU with some students on individualised timetables.*
- *We will if necessary combine and/or remove elements of questions where, for example, a multi-part question includes a part which focuses on an element of the specification that hasn't been taught. This may need at times to be individualised for certain students for example – Students who are on individual programs and therefore do not fit into a class/centre group.*

Our centre will ensure the appropriateness of evidence and balance of evidence in arriving at grades in the following ways:

- *We will consider the level of control under which an assessment was completed, for example, whether the evidence was produced under high control and under supervision or at home.*
- *We will ensure that we are able to authenticate the work as the student's own, especially where that work was not completed within the school or college.*
- *We will consider the limitations of assessing a student's performance when using assessments that have been completed more than once, or drafted and redrafted, where this is not a skill being assessed.*
- *We will consider the specification and assessment objective coverage of the assessment.*
- *We will consider the depth and breadth of knowledge, understanding and skills assessed, especially higher order skills within individual assessments.*

Determining teacher assessed grades

This section of our Centre Policy outlines the approach our centre will take to awarding teacher assessed grades.

Awarding teacher assessed grades based on evidence

We give details here of our centre's approach to awarding teacher assessed grades.

- *Our teachers will determine grades based on evidence which is commensurate with the standard at which a student is performing, i.e. their demonstrated knowledge, understanding and skills across the content of the course they have been taught.*
- *Our teachers will discuss how the evidence was used to arrive at a fair and objective grade, which is free from bias with their Head of faculty.*
- *Our teachers will produce an Assessment Record for each subject cohort and will share this with their Head of Department. Any necessary variations for individual students will also be shared as a written record within the assessment record. Heads of faculty will ensure grades are awarded consistently and without bias by questioning and comparison of individual students evidence base.*
- *SLT—including the Principal- will meet to discuss and compare the results to previous years. Discuss any anomalous results and ensure results are not unduly harsh or lenient. SLT will hold the idea of bias at the forefront of our minds.*
- *The Head of faculty will then have a robust discussion detailing how teacher assessed grades have been awarded with a member of SLT. Holding the above principles in mind throughout to ensure consistency and validity.*
- *The SLT members involved will if necessary meet again and/or discuss any emerging issues, concerns as a team.*

Internal quality assurance

This section of our Centre Policy outlines the approach our centre will take to ensure internal standardisation of teacher assessed grades, to ensure consistency, fairness and objectivity of decisions.

Head of Centre Internal Quality Assurance and Declaration

Internal quality assurance

This section gives details of our approach to internal standardisation, within and across subject departments.

- *We will ensure that all teachers involved in deriving teacher assessed grades read and understand this Centre Policy document.*
- *In subjects where there is more than one teacher and/or class in the department, we will ensure that our centre carries out an internal moderation process. For example by moderating a proportion of terminal assessments using double marking, possibly marking blinded papers and discussing any variation. During further marking teachers must discuss any marking queries with the head of Department which will ensure consistency.*
- *We will ensure that all teachers are provided with training and support to ensure they take a consistent approach to:*
 - *Arriving at teacher assessed grades*
 - *Marking of evidence*
 - *Reaching a holistic grading decision*
 - *Applying the use of grading support and documentation*
- *We will ensure that the Assessment Evidence will form the basis of internal standardisation and discussions where teachers are to agree the awarding of teacher assessed grades.*
- *Where necessary, we will review and reflect on individual grading decisions to ensure alignment with the standards as outlined by our awarding organisation(s).*
- *Where appropriate, we will amend individual grade decisions to ensure alignment with the standards as outlined by our awarding organisation(s).*
- *Each student will be discussed individually with the head of faculty and the teacher/s of each subject and then triple checked with a member of SLT.*

Comparison of teacher assessed grades to results for previous cohorts

This section of our Centre Policy outlines the approach we will take to compare our teacher assessed grades in 2021 with results from previous cohorts.

Comparison of Teacher Assessed Grades to results for previous cohorts

This section gives details of our internal process to ensure a comparison of teacher assessed grades at qualification level to results for previous cohorts in our centre taking the same qualification.

- *As two small PRUs we have a very small cohort therefore comparison of previous historical Data will not yield statically significant detail, the n number being too small for valid comparison.*
 - *We will compile information on the grades ranges awarded to our students in past June series in which exams/CAGs took place (between 2018 - 2020).*
 - *We will consider the size of our cohort from year to year. This year being significantly larger Yr 11 cohort then previous years. As would be expected within a global pandemic the numbers within the Milton medical PRU are significantly higher than in previous years.*
 - *We will consider the stability of our centre's overall grade outcomes from year to year.*

- *We will consider both subject and centre level variation in our outcomes during the internal quality assurance process.*
- *Due to the nature of our provision which is short stay and where students are referred at different times across Year 10 and 11 comparisons as a whole cohort or class will not always be applicable.*
- *We will need to take an individual approach for **some students** with regards gathering evidence as some students have individualised programs and have experienced differing previous educational experiences such as mainstream schools, special schools, EHE and other PRUs prior to attending VLC Olmixon and Milton (Medical PRU).*

Access Arrangements and Special Considerations

This section of our Centre Policy outlines the approach our centre will take to provide students with appropriate access arrangements and take into account mitigating circumstances in particular instances.

Reasonable adjustments and mitigating circumstances (special consideration)

This section gives details of our approach to access arrangements and mitigating circumstances (special consideration).

- *Where students have agreed access arrangements or reasonable adjustments (additional time only this year) we will make every effort to ensure that these arrangements are in place when assessments are being taken.*
- *Where an assessment has taken place without an agreed reasonable adjustment or access arrangement, we may use this evidence to support the award of a grade if there is no other evidence available. **The raw data will be coloured red in the spreadsheet.***
- *Where illness or other personal circumstances might have affected performance in assessments used in determining a student's standard of performance, we will take account of this when making judgements. A variation made for individuals is part of the assessment record evidence.*
- *We will record, as part of the Assessment Record, how we have incorporated any necessary variations to take account of the impact of illness or personal circumstances on the performance of individual students in assessments.*
- *To ensure consistency in the application of Special Consideration, we will ensure all teachers have read and understood the document: JCQ – A guide to the special consideration process, with effect from 1 September 2020*

Addressing disruption/differential lost learning (DLL)

B. Addressing Disruption/Differentiated Lost Learning (DLL)

This section gives details of our approach to address disruption or differentiated lost teaching.

- Teacher assessed grades will be determined based on evidence of the content that has been taught and assessed for each student.

Objectivity

This section of our Centre Policy outlines the arrangements in place to ensure objectivity of decisions.

Objectivity

This section gives a summary of the arrangements in place within our centre in relation to objectivity.

Staff will fulfil their duties and responsibilities in relation to relevant equality and disability legislation.

Senior Leaders, Heads of Department and Centre will consider:

- *sources of unfairness and bias (situations/contexts, difficulty, presentation and format, language, conditions for assessment, marker preconceptions);*
- *how to minimise bias in questions and marking and hidden forms of bias); and*
- *bias in teacher assessed grades.*

To ensure objectivity, all staff involved in determining teacher assessed grades will be made aware that:

- *unconscious bias can skew judgements;*
- *the evidence presented should be valued for its own merit as an indication of performance and attainment;*
- *teacher assessed grades should not be influenced by candidates' positive or challenging personal circumstances, character, behaviour, appearance, socio-economic background, or protected characteristics;*
- *unconscious bias is more likely to occur when quick opinions are formed; and*

Our internal standardisation process will help to ensure that there are different perspectives to the quality assurance process.

Recording decisions and retention of evidence and data

This section of our Centre Policy outlines our arrangements to recording decisions and to retaining evidence and data.

C. Recording Decisions and Retention of Evidence and Data

This section outlines our approach to recording decisions and retaining evidence and data.

- *We will ensure that teachers and Heads of Departments maintain records that show how the teacher assessed grades process operated, including the rationale for decisions in relation to individual marks/grades.*
- *We will ensure where possible that evidence is maintained across a variety of tasks to develop a holistic view of each student's demonstrated knowledge, understanding and skills in the areas of content taught.*
- *We will put in place recording requirements for the various stages of the process to ensure the accurate and secure retention of the evidence used to make decisions.*
- *We will comply with our obligations regarding data protection legislation.*
- *We will ensure that the grades accurately reflect the evidence submitted.*
- *We will ensure that evidence is retained electronically or on paper in a secure centre-based system that can be readily shared with our awarding organisation(s).*

Authenticating evidence

D. Authenticating evidence

This section of our Centre Policy details the mechanisms in place to ensure that teachers are confident in the authenticity of evidence, and the process for dealing with cases where evidence is not thought to be authentic.

- *Evidence can only be used if the teacher/head of Department are confident that the students' own and that no inappropriate levels of support have been given to students to complete it, either within the centre or with external tutors.*
- *It is understood that awarding organisations will investigate instances where it appears evidence is not authentic. We will follow all guidance provided by awarding organisations to support these determinations of authenticity.*

Confidentiality, malpractice and conflicts of interest

Confidentiality

This section of our Centre Policy outlines the measures in place to ensure the confidentiality of the grades our centre determines, and to make students aware of the range of evidence on which those grades will be based.

A. Confidentiality

- *All staff involved have been made aware of the need to maintain the confidentiality of teacher assessed grades.*
- *All teaching staff have been briefed on the requirement to share details of the range of evidence on which students' grades will be based, while ensuring that details of the final grades remain confidential.*
- *Relevant details from this Policy, including requirements around sharing details of evidence and the confidentiality requirements, have been shared with parents/guardians available on the VLC website as reference.*

Malpractice

This section of our Centre Policy outlines the measures in place to prevent malpractice and other breaches of exam regulations, and to deal with such cases if they occur.

B. Malpractice

This section details the measures in place in our centre to prevent malpractice and, where that proves impossible, to handle cases in accordance with awarding organisation requirements.

- *Our general centre policies regarding malpractice, maladministration and conflicts of interest have been reviewed to ensure they address the specific challenges of delivery in Summer 2021.*
- *All staff involved have been made aware of these policies, and have received training in them as necessary.*
- *All staff involved have been made aware of the specific types of malpractice which may affect the Summer 2021 series including:*
 - *breaches of internal security;*
 - *deception;*
 - *improper assistance to students;*
 - *failure to appropriately authenticate a student's work;*
 - *over direction of students in preparation for common assessments;*
 - *allegations that centres submit grades not supported by evidence that they know to be inaccurate;*

- centres enter students who were not originally intending to certificate a grade in the Summer 2021 series;
 - failure to engage as requested with awarding organisations during the External Quality Assurance and appeal stages; and
 - failure to keep appropriate records of decisions made and teacher assessed grades.
- The consequences of malpractice or maladministration as published in the JCQ guidance: JCQ Suspected Malpractice: Policies and Procedures and including the risk of a delay to students receiving their grades, up to, and including, removal of centre status have been outlined to all relevant staff.

Conflicts of Interest

This section of our Centre Policy outlines the measures in place to address potential conflicts of interest.

C. Conflicts of Interest

This section details our approach to addressing conflicts of interest, and how we will respond to such allegations.

- *To protect the integrity of assessments, all staff involved in the determination of grades must declare any conflict of interest such as relationships with students to our Head of Centre for further consideration.*
- *Our Head of Centre will take appropriate action to manage any conflicts of interest arising with centre staff in accordance with the JCQ documents - General Regulations for Approved Centres, 1 September 2020 to 31 August 2021.*
- *We will also carefully consider the need if to separate duties and personnel to ensure fairness in later process reviews and appeals.*

Appeals

This section of our Centre Policy outlines our approach to Appeals, to ensure that they are handled swiftly and effectively, and in line with JCQ requirements.

A. Appeals

This section details our approach to managing appeals, including Centre Reviews, and subsequent appeals to awarding organisations.

- *All staff involved have been made aware of the arrangements for, and the requirements of, appeals in Summer 2021, as set out in the **JCQ Guidance**.*
- *Internal arrangements will be in place for the swift and effective handling of Centre Reviews in compliance with the requirements.*
- *All necessary staff have been briefed on the process for, and timing of, such reviews, and will be available to ensure their prompt and efficient handling.*
- *Leaners have been appropriately guided as to the necessary stages of appeal.*
- *Arrangements will be in place for the timely submission of appeals to awarding organisations, including any priority appeals, for example those on which university places depend.*
- *Arrangements will be in place to obtain the written consent of students to the initiation of appeals, **and to record their awareness that grades may go down as well as up on appeal.***
- *Appropriate information on the appeals process will be provided to parents/carers.*
